

DECORATING INSTRUCTIONS

Welcome to the 2015 Charlie Brown Christmas Tree Grove.

- 1. You will be directed to one of four Grove areas:
Bosque, Diagonal Sidewalk, McClelland Dr. sidewalk or Central Pavillion**
- 2. Find your tree by its label.**
- 3. Next to your tree you will find a 1 or 3-socket plug covered with electrical tape – start by stretching the tape across the plug and plugging in your light strand THROUGH THE TAPE to the plug closest to your tree. The plugs are active so your lights should be on.**
- 4. String your LED lights from the bottom of the tree up. We have extra white LED strands for sale for \$15. Using electrical tape, tape over each connection and open end of cords to prevent rain entry.**
- 5. Be sure to securely attach your decorations to the tree (we are expecting rain and wind this season due to El Nino).**
- 6. PLEASE USE CAUTION TO AVOID WALKING OVER ELECTRICAL CORDS.**
- 7. Chat with your decorating neighbors and enjoy the day. Thank you for making this another wonderful Windsor event!**
